

Obtaining CE certification and reimbursement for innovative medical devices are crucial challenges that have to be met by digital health SMEs. **eHealth Hub Regulatory Network** helps European eHealth SMEs to **be compliant** with regulatory requirements and **develop reimbursement strategies** across the EU. Through a network of European experts in medical device regulation and reimbursement, the service supports SMEs in obtaining **market authorization and market access**. Regulatory service is not free of charge: SMEs will negotiate the conditions with the regulatory service provider.

AN OPPORTUNITY NOT TO BE MISSED

The eHealth Hub Regulatory Network offers considerable benefits to both **eHealth SMEs** asking for a regulatory service as well as consultancies willing to become nodes of the network.

SMEs will be enabled to:

-  overcome challenges in CE certification and reimbursement;
-  develop and commercialize new medical devices in various European countries.

Regulatory and reimbursement service providers, will be enabled to:

-  be a part of a **pioneer sixty nodes** of the European eHealth Hub Regulatory network specialized on the fast-growing digital health sector;
-  get direct access to more than 700 European eHealth SMEs, with a view to increase their EU-wide visibility and customer base.

IS REGULATORY GUIDANCE FOR YOU?

The eHealth Hub Regulatory Network is designed to offer tailored services **to any eHealth SME** looking for regulatory and reimbursement guidance. The Network is open to those **regulatory and reimbursement consultancies** with experience on EU and national regulatory requirements and/or reimbursement strategies for medical devices, in particular in combination with medical information systems.

WANT TO BECOME A REGULATORY-REIMBURSEMENT NODE?

The eHealth Hub Regulatory and reimbursement network is **open to all regulatory and reimbursement specialists** in Europe, helping eHealth startups. For more information, contact Nicole Häusler (n.haeusler@engage-ventures.com) or Björn Hackbarth (b.hackbarth@engage-ventures.com). To become part of the network you can "Register" directly through eHealth Hub website (Services Section).

ACTIVITIES - EVENTS

The eHealth Hub Regulatory Network is keen to provide European eHealth SMEs with **continuous service support** during eHealth Hub project lifetime and beyond. Regulatory awareness **workshops** will be held within major eHealth events at stage in Europe, starting from the Health 2.0 2017, Barcelona.
