

LEUPHANA

UNIVERSITÄT LÜNEBURG

Leuphana University of Lüneburg stands for innovation in education and scholarship based on the values of a humanistic, sustainable and entrepreneurial university. The collaborative search for knowledge and viable solutions in the areas of education, culture, sustainability as well as management and entrepreneurship defines the university model with its award-winning College, Graduate School and Professional School. Methodological diversity and interdisciplinary cooperation characterize our academic understanding.

Leuphana University of Lüneburg (foundation under public law), Institute of Information Systems, has a vacancy for a part time (66 %)

Research Associate (m/f/d) salary group EG 13 TV-L

start immediately, fixed term for three years.

Leuphana University has successfully participated in the university competition "Data Literacy Education" of the Stifterverband and the Heinz Nixdorf Foundation. The project "Data Driven X" is currently implemented jointly by Leuphana College and the Institute of Information Systems. To support the coordination and implementation of the project, we are looking for a research associate.

Your tasks:

- Develop and shape our new study-program "DATAx " within the "Leuphana Semester" and the "Komplementärstudium "
- Coordinate and implement (new) data science/programming classes
- Manage data science projects with partner institutions
- Support research and teaching (we support successful candidates with their further academic development)

Your profile:

- Completed academic university degree (Master or equivalent) in the field of information systems research, computer science, physics, mathematics or an adjacent discipline
- Strong interest and first experiences in data science (machine learning and programming)
- Interest in developing new courses and teaching material
- Very good English skills, both written and spoken

We offer:

- Flexible and family-friendly working hours
- Internal and external CPD courses
- University sports and health promotion measures for employees
- Employer-funded pension
- Support for doing a PhD

Leuphana University of Lüneburg is an equal opportunity employer committed to fostering heterogeneity among its staff. Disabled applicants with equal qualifications will be given priority consideration. We are looking forward to receiving your application.

We're hoping to fill this position as soon as possible. If you have any question regarding the position contact Prof. Dr. Burkhardt Funk (funk@uni.leuphana.de).

Please send your application with supporting documents in electronic form by October 9th, 2019 (pdf) or by email to
